

Need to Have Items Repaired?

Now you may have a chance to get help mending your favorite worn out sweater or have your bike repaired, free of charge at the Repair Cafe.

This organization, which offers repair of different items, has meeting locations throughout the Hudson Valley, more in the northern areas of Hudson Valley, but the first one in Peekskill will be held this coming Saturday, March 16 between 12 noon and 4 pm, at 4 Nelson Ave, Peekskill, NY.

The next local meeting will be at the Grace Methodist Church in Yorktown, on April 27.

Items you may be able to have repaired include clothing/textile, electrical appliances, bicycles and furniture/wooden objects.

If you happen to be one who is handy and wants to help out, they are always looking for volunteers. This might be a nice way to make new friends and help build community, while helping the environment.
