Pledge of Allegiance and moment of silence in honor of our men and women in the armed forces throughout the world.

Supervisor Oliverio welcomed everyone to the Prewrite Session Meeting. He began the meeting by saying next week's Work Session Meeting will be held at the Fire House because we expect a fairly large crowd as we will be discussing the complete ban on any de-icer mechanism. A Public Hearing was held in November and at that time we presented some regulations to our residents and overwhelmingly there was a real very powerful feeling that regulations will not do the health and safety job that's expected. So the Board went back and reconvened and put together a complete ban which is as follows: (Supervisor Oliverio read the new proposed law).

**“Ice Retardant Device Law”**

*“Effective December 11, 2019 the use of any ice retardant device or mechanism (de-icer, bubbler or aerator) within the entire Lake Oscawana Water Body and/or along the shoreline of the entire Lake Oscawana Water Body, is completely and totally banned from use. Anyone failing to comply with this law will be levied a \$1,000.00 fine and face confiscation of the offending device. Subsequent offenses by the same individual or property owner will result in a doubling of the proceeding fine.”*

Supervisor Oliverio said this is what we will be discussing at next week's Public Hearing. We have not adopted anything yet. This Board has not made up its mind – we want to hear what both sides have to say.

Councilperson Luongo said he thought the Town Board had to vote the original presented law down in order to move forward. Supervisor Oliverio said because we did not vote on it yet and it was not adopted we can just let it die and move on.

**RESOLUTION #R19-**

**RESOLVED** that the Town Board authorize the Supervisor to sign the three (3) year Wheelabrator Contract.

Supervisor Oliverio said this contract is only for Lake Peekskill. It is the only small area of Putnam Valley that has garbage retrieval done by a Department of Public Works. That is that they have their own contracted people within the District who bring their refuse to Wheelabrator.

Supervisor Oliverio motioned to go into Executive Session. There will be no business done after. The meeting was closed at 5:09 PM

Seconded by Councilperson Annabi, unanimously carried.
