Steve,

I don't see any issues.

The acre size for lot two should be provided.

That's about it.

Hi Joe,

This one is a non-jurisdictional sub-division in Putnam Valley. The owner is splitting the lot into two lots, one for the cell tower that exists on his property and the other for his existing home.

They are looking for a response to the plan and see if there are any concerns I guess??

Steve
