IT IS A VIOLATION OF THE LAW FOR ANY PERSON, UNLESS ACTING UNDER THE DIRECTION OF A LICENSED PROFESSIONAL, TO ALTER AN ITEM IN ANY WAY, IF AN ITEM BEARING THE SEAL OF A LICENSED PROFESSIONAL IS ALTERED. The first step in the process of identifying the appropriate level of care for a child is to determine whether the child has a mental health problem. This can be done through a clinical interview with the child and/or parents, as well as through standardized assessment tools. Once a diagnosis has been established, the next step is to assess the severity of the problem and the child's functional impairment. This information is used to guide the selection of the most appropriate level of care, which may range from outpatient therapy to residential treatment.
