

COMMUNITY ENGAGEMENT SESSIONS

WE WANT TO HEAR FROM YOU!

Children, youth, adults, older adults, and families are all welcome!

The New York State Office of Mental Health (OMH) is partnering with the Hudson River Directors of Community Services to host in-person Community Engagement Sessions on April 21-22, 2026. The 2023 Community Engagement Sessions took OMH across New York. Now, we are returning to share what we did with your feedback and hear more about your needs and your ideas! There will be sessions in Troy in Rensselaer County and Yonkers in Westchester County.

The sessions are open to all community members! Children, youth, adults, older adults, and families are welcome. There will be breakout groups specifically for young people.

We especially want to hear from people who receive or have received mental health services, and people who have wanted to get services but haven't. We are asking for help from peer workers and other mental health providers, advocates, and anyone who works with people participating in mental health programs. Please share this information with the people you work with so all voices can be heard!

Please register in advance using the link or QR code below. The registration form has space to describe any accessibility needs you have. If you need ASL or other language interpretation, please register by April 1st or reach out to feedbackoapss@omh.ny.gov as soon as possible.

Session Details:

Tuesday, April 21, 6 p.m. – 8 p.m. and Wednesday, April 22, 10 a.m. – 12 p.m.
